

RELIGION IN INDIA SUBJECT OF TALK

Woman Lecturer Points Out
Need of Christianity.
Eager to Learn.

"What India needs is the cross of Christ; the acceptance of Jesus as the supreme revelation of God on earth. On that common ground the warring religions and sects of the great British colony might meet as they can in no other way, and with that common ground might present a solid front, which in time would win for them either the most important position under the British crown, or, what so many of them desire, the right to govern themselves."

This statement was made this morning in the course of a lecture by Miss Elizabeth S. Colton before the Woman's Auxiliary of the New York Avenue Presbyterian Church. Miss Colton spoke on the religious of India.

"In a general way something of the Indian religion is known in this country," she said. "People speak more or less intelligently of Buddhism, Brahminism, Alkism, Zoroastrianism, theosophy, although I call that a cult and not a religion, and of numerous other religious beliefs held by the inhabitants of the country."

"What they do not know is the difference between one shade of belief and another, and the effect of the numerous differences on the religious and social condition of India."

"For instance, while it is generally known that there are Buddhism and Brahminism, the relation between the two may not be understood. It is not generally known that although Brahminism extends back to prehistoric times, Buddhism has a definite date and a definite historical figure in the person of Buddha, who lived about 550 B. C."

INJURED BY AUTO, MAN RECOVERING

Struck by Machine Driven by Preston Gibson, Napoleon C. Green Has Scalp Wound.

A scalp wound is all the surgeons of the Emergency Hospital could find the matter with Napoleon C. Green after a thorough examination this morning, the injury resulting from a collision between an automobile driven by Preston Gibson and a wagon in which Green was riding on the Piney Branch road last evening.

Mr. Gibson was taking Mr. and Mrs. Robeson Sargent, of Boston, to dinner at the Chevy Chase Club when the accident occurred. Mr. and Mrs. Sargent are visiting Washington on their honeymoon.

The place where the accident occurred is a particularly dark portion of the road, and neither the automobile nor the driver of the wagon could see very clearly. Green was thrown from the driver's seat to the ground and the automobile slightly damaged. The injured man was placed in the machine and hurried to the Emergency Hospital.

BREAKS INTO JAIL; CANNOT BREAK OUT

Man Has a Right of Action Against Town for Unjust Prosecution, or Town Has Case Against Him for Housebreaking—Which?

GREENWICH, Conn., Nov. 10.—William Bloomfield either has a case against this town for unjust prosecution or the town has a case against him for breaking and entering.

He has been tried and convicted for being drunk and disorderly, without having been arrested, and Sheriff Ritch says if he was not arrested for being drunk and disorderly, he broke into the town jail.

The sheriff says that when he entered the cells this morning he found Bloomfield there. "What are you doing here?" asked the sheriff.

"I'll be d— if I know," said Bloomfield.

"How did you get in here?"

"I'll be d— if I know," replied Bloomfield.

"Well, then I'll be d— if I know," said the sheriff.

"Why should I break in here? What could I get here?" asked Bloomfield.

"You might get sixty days here."

After questioning the officers the sheriff was still unable to account for the man's presence.

Bloomfield admitted that for all he knew he might have broken in. He was fined \$1 and costs and he paid.

FINNISH OUTBREAK EXPECTED SHORTLY

Reports of Proposed Massacre of Russians Has Caused Exodus.

HELSINGFORS, Finland, Nov. 10.—The exodus of Russian women and children from Finland today assumed the proportions of a panic.

Every Russian resident of the country who can possibly do so is hastening out of the city. The belief has become general that a widespread uprising is unavoidable and indications today are it cannot be long delayed.

The reports that a general massacre of Russians is planned are undoubtedly baseless, but there is no question that Russians of the official class are in danger. The Czar's officers and orthodox Russian priests are constantly being insulted in the streets, and until the strengthening of the garrisons throughout the country has been completed the Muscovite authorities evidently think it safe not to resent such manifestations.

The Russian officials are also constantly in danger from attempts against them by "agents provocateurs" of the Azef type. The revelations made in the recent Loupuhkin trial of the activity of these spies has created a terrible reign of terror in Russian officialdom.

It is generally believed that the Rachev Khan revolt has for its object the overthrow of the present government and the re-placing of the deposed Shah on the throne.

TRIBESMAN BOASTS HE WILL LOOT CITY

Former Partisan of Deposed Shah Marching on Teheran.

TEHERAN, Persia, Nov. 10.—Roused by the news that Rachev Khan, the former partisan of the deposed Shah, is marching from the western provinces with an army of malcontents to overthrow Teheran, the authorities today began strengthening the city's defenses.

Rachev Khan, at the head of a force of the Shahsevan tribesmen, boasts that he will loot Teheran as the tribesmen have looted Ardebil, where the foreign residents still hold the Russian consulate against the besieging savages.

A small force of Russian Cossacks succeeded in reaching the consulate at Ardebil today, and the besieged foreigners hope to be able to hold out until the arrival of the Persian relief force sent from Teheran.

It is generally believed that the Rachev Khan revolt has for its object the overthrow of the present government and the re-placing of the deposed Shah on the throne.

WOMEN AT POLLS CAUSE A PROTEST

ASBURY PARK, N. J., Nov. 10.—Women's votes are to form the basis of a suit to upset the legality of a recent school election at Bradley Beach. Opponents of woman suffrage maintain more women's than men's votes were cast for an \$85,000 issue of school bonds recently, and the issue was carried against the best judgment of the men.

SHERIFF REFUSES CHECK FOR \$526.10

CHICAGO, Nov. 10.—Sheriff Strassheim, of Cook county, who was fined by the supreme court because he refused to imprison former Judge Abner Smith when ordered to do so, has received from Governor Dineen the governor's check for \$526.10, the amount of the sheriff's fine. The sheriff declined to imprison Smith upon advice of the governor, who was considering his case with the pardon board, and who assumed responsibility for the sheriff's acts. Sheriff Strassheim says he will return the check to the governor.
